Kyle Decker

Designer who codes. Building for the web since 2007.

EXPERIENCE

Senior UX Engineer, Cityblock   Feb 2019–
Built out our design system from the ground up. Designed and helped build a new way to document member encounters and display member health history. Shipped note revisions.

Product Designer, Dropbox   Nov 2016–Oct 2018
Designed an internal messaging automation tool to unify disparate communication services. Helped ship Dropbox Showcase. Launched a redesign of file comments and time-coded comments on A/V files.

Product Designer, Swiftype   Oct 2015–Aug 2016
Co-owned the creative process from concept to launch on a design team of two. Crafted dozens of in-product illustrations and icons. Greatly simplified the maintenance and organization of our front-end codebase.

Designer and Front-End Engineer, MadMonk Interactive   2012–14
Collaborated on projects for over a dozen businesses ranging from city governments to non-profits.

Freelance Designer   2009–14
Designed digital and print media with a focus on creating and coding small, responsive websites for local businesses.

EDUCATION

University of North Carolina at Greensboro   2011–15
Bachelor of Arts in Music; minor in Computer Science. Graduated *summa cum laude*. Teaching assistant for ART 446 (Graphic Design) during Spring 2013.
